Independent Auditors' Report

To the Board of Trustees
Catholic Diocese of Wilmington, Inc.

We have audited the accompanying financial statements of Catholic Diocese of Wilmington, Inc. (a nonprofit organization), which comprise the statements of assets, liabilities, and net assets - modified cash basis as of June 30, 2020 and 2019, and the related statements of support, revenue, and expenses - modified cash basis, functional expenses - modified cash basis, and cash flows - modified cash basis for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting as described in Note 1; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion.

To the Board of Trustees
Catholic Diocese of Wilmington, Inc.

An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the assets, liabilities, and net assets of Catholic Diocese of Wilmington, Inc. as of June 30, 2020 and 2019, and its support, revenue, and expenses, and cash flows for the years then ended in accordance with the modified cash basis of accounting as described in Note 1.

Basis of Accounting

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements are prepared on a modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Note 1 of the financial statements discloses the significant differences between the modified cash basis of accounting implemented by Catholic Diocese of Wilmington, Inc. and accounting principles generally accepted in the United States of America. Included among the differences is that the organization does not establish accruals under Financial Accounting Standards Board Accounting Standards Codification (ASC) 715, *Defined Benefit Plans - Pension*, for employee pension liabilities. Our opinion is not modified with respect to this matter.

CATHOLIC DIOCESE OF WILMINGTON, INC.
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2020

NOTE 1: NATURE OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES

Nature of Activities - Catholic Diocese of Wilmington, Inc. (Diocese) is a nonprofit corporation having as its purpose the promotion of the teachings of Jesus Christ, as taught and set forth by the Roman Catholic Church throughout the Diocese in the state of Delaware and the nine (9) counties of the state of Maryland's Eastern Shore and such territory over which the Diocese will have jurisdiction as delegated by proper authority of the Universal Roman Catholic Church.

Basis of Reporting - The Diocese reports using a modified cash basis of accounting. Support and expenses are generally recognized on a cash basis; however, certain assets other than cash and certain liabilities are recognized to improve the usefulness of the financial statements to the reader. The following identifies the significant differences between the Diocese's modified cash basis of accounting and accounting principles generally accepted in the United States of America:

- The Diocese does not recognize certain pledges and grants required under accounting principles generally accepted in the United States of America (Note 8). However, pledges receivable that are recognized are reported as increases in net assets without donor restrictions or net assets with donor restrictions based upon the absence or existence of donor-imposed restrictions.
- The Diocese does not establish accruals under Financial Accounting Standards Board Accounting Standards Codification (ASC) 715, *Defined Benefit Plans - Pension*, for employee pension liabilities and priests' health and welfare liabilities.
- The Diocese has not adopted provisions of ASC 360, *Property, Plant, and Equipment*, which requires nonprofit organizations to capitalize long-lived tangible assets and recognize depreciation as a cost of using up the future economic benefits of those long-lived tangible assets. Depreciation expense is not recognized in the financial statements. Also, certain equipment is expensed at the time of purchase that should be capitalized in order to conform to accounting principles generally accepted in the United States of America.
- The Diocese has not adopted ASC 958-205-50-1A, *Reporting Endowment Funds*, which requires organizations to provide certain expanded disclosures for endowment funds.
- The Diocese has not adopted ASC 958-30, *Split Interest Agreements*, which requires organizations to recognize a beneficial interest in a charitable trust as an asset at fair value and contribution revenue.

NOTE 1: NATURE OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Basis of Reporting - Continued

In addition, the accompanying financial statements reflect only the operations of the Diocese. Certain other entities have not been consolidated in the accompanying statements, the more significant of which are as follows:

Affiliated Parishes and Schools	Catholic Ministry to the Elderly, Inc.
Catholic Cemeteries, Inc.	Catholic Press of Wilmington, Inc.
Catholic Charities, Inc.	Catholic Youth Organization, Inc.
Catholic Diocese Foundation	Diocese of Wilmington Schools, Inc.

The Diocese acts as a fiduciary for these entities by investing funds in its pooled investments and cash management accounts on behalf of these entities.

Use of Estimates - The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Financial Statement Presentation - Resources are reported for accounting purposes into separate classes of net assets based on the existence or absence of donor-imposed restrictions. A description of the two net asset classifications follows:

Net Assets Without Donor Restrictions - Net assets available for use in general operations and not subject to donor (or certain grantor) restrictions, although their use may be limited by other factors, such as by contract or board designation.

Net Assets With Donor Restrictions - Net assets subject to donor- (or certain grantor-) imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

NOTE 1: NATURE OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Revenue Recognition - The Diocese recognizes revenue from exchange transactions as follows:

Assessments - Revenue from parish assessments is recognized on a quarterly basis over the calendar year. Parishes are invoiced on a quarterly basis and payment is due 30 days upon receipt of the invoice. The finance council recommends proposed assessments based on parish ordinary income; assessments are then approved by the Bishop.

Priests' and Lay Employee Insurance Premiums - The Diocese administers a self-funded insurance plan. Parishes and affiliated corporations pay the Diocese a premium for their portion of the plan's claims and expenses. Parishes are invoiced for clergy health insurance premiums on an annual basis and payment is due in four monthly installments upon receipt of the invoice. Revenue from priests' insurance premiums are recognized at a point in time when the parishes are invoiced. Affiliated corporations are invoiced for lay health insurance premiums on a monthly basis and payment is due 20 days upon receipt of the invoice. Revenue from lay employee insurance premiums are recognized on a monthly basis over the coverage period.

Property and Liability and Other Insurance Premiums - The Diocese maintains property and liability coverage for parishes and affiliated corporations on a limited self-insured basis. Parishes and affiliated corporations are billed a premium directly from Waldorf Risk Solutions (the insurance brokerage firm). Parishes remit payment directly to Waldorf Risk Solutions. Waldorf risk solutions wires money collected from the parishes and affiliated corporations to the Diocese on a regular basis throughout the fiscal year as the Diocese pays the related insurance claims. Revenue from property and liability insurance premiums is recognized on a monthly basis over the coverage period.

Other Program Fees - Other program fees consist mainly of payments from Catholic schools related to testing and evaluation fees, and fees for the use of educational software. Catholic schools are invoiced for such fees on a regular basis and payment is due 30 days upon receipt of the invoice. The Diocese recognizes revenue from program fees when payment is received.

Contributions - Except for pledges made to the Annual Catholic Appeal and annual grants made by the Catholic Diocese Foundation, Inc., which are accounted for on a cash basis, contributions are recognized when cash, securities, or other assets, or an unconditional promise to give is received. Noncash contributions are recorded at fair value on the date of donation. Contributions of cash and other noncapital assets are reported in net assets with donor restrictions if the contributions are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or the purpose of the restriction is

NOTE 1: NATURE OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Contributions - Continued - accomplished, donor-restricted net assets are reclassified to net assets without donor restriction and reported in the statements of support, revenue, and expenses - modified cash basis as net assets released from restrictions. Gifts of long-lived assets and gifts of cash restricted for the acquisition of long-lived assets are released from restriction when the assets are placed in service. Donor-restricted contributions that are received and expended within the same fiscal year are reported in net assets without donor restrictions.

Cash and Cash Equivalents - Cash and cash equivalents include all highly liquid investments with an original maturity of three months or less. Cash and cash equivalents do not include cash management funds held in the pooled investment account.

Pooled Investments - Pooled investments are stated at fair value based on quoted market prices. Pooled investment income (loss) on the statements of support, revenue, and expenses - modified cash basis includes interest, dividends, and realized and unrealized gains and losses, net of consulting and custodial costs.

The Diocese manages an investment pool for its investments and those of its affiliated organizations. As of June 30, 2020 and 2019, the investment pool was held in a custody account at State Street Global Services (investment custodian). The pool is invested in a combination of fixed income, equity securities, and mutual funds. The Diocese also invests in a variety of alternative investment funds. Such investments are stated at net asset value, as reported by the fund, as a practical expedient for fair value. The investment pool is exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the market value of investments, it is at least reasonably possible that changes in risks in the near term could materially affect the amounts reported in the financial statements.

Other Investments - Other investments consist of investments included in the Diocesan-managed investment pool and Glenmede Trust Company and are segregated for the Revocable Priests' Retirement and Welfare Trust and the Bishop Malooly Scholarship Fund, respectively.

Pledges Receivable - Except for pledges made to the Annual Catholic Appeal and annual grants made by the Catholic Diocese Foundation, Inc., which are accounted for on a cash basis, unconditional promises to give are recognized as revenue in the period received. Conditional promises to give are recognized when the conditions on which they depend are substantially met. Promises to give are reported at the present value of amounts expected to be collected. Unconditional promises to give expected to be collected in future years are initially recorded at fair value using present value techniques incorporating risk-adjusted discount rates designed to reflect the assumptions

NOTE 1: NATURE OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Pledges Receivable - Continued - market participants would use in pricing the asset. In subsequent years, amortization of the discounts is included in contribution revenue in the statements of support, revenue, and expenses - modified cash basis. As of June 30, 2019, no discount was reflected in the financial statements because all capital campaign pledges were due within one year. During the year ended June 30, 2020, the Diocese received a new long-term pledge. The discount rate used on long-term pledges receivable was 1.69% as of June 30, 2020. Long-term pledges are also recorded net of an allowance for uncollectible accounts. The Diocese takes into consideration an analysis of specific donors, the age of past due amounts and an assessment of the donor's ability to pay. Write-offs of pledges receivable are made at the discretion of management. There was no allowance for uncollectible pledges as of June 30, 2020 and 2019. Bad debt expense totaled \$5,690 and \$57,050 for the years ended June 30, 2020 and 2019.

Accounts Receivable - Accounts receivable are stated at estimated net realizable value and consist of receivables for assessments, lay employee insurance premiums, priests' insurance premiums, payroll-related expenses disbursed on behalf of affiliated corporations, and amounts loaned to affiliated corporations. Accounts receivable are considered past due when they become greater than 30 days old. An allowance for doubtful accounts is established at the discretion of management based on an analysis of a receivable's collectability. The total allowance for doubtful accounts receivable as of June 30, 2020 and 2019 was \$7,895,987 and \$8,802,755, respectively. Bad debt expense (recovery of bad debts) totaled (\$884,092) and \$749,931 for the years ended June 30, 2020 and 2019, respectively.

Other Assets - As of June 30, 2020 and 2019, other assets consisted primarily of the cash surrender value of life insurance.

Real Estate and Equipment - Real estate consists of buildings and the related land. All real estate acquisitions are capitalized at cost, or if donated, at fair value on the date of donation. Equipment is expensed at the time of purchase. When real estate is sold or otherwise disposed of, the asset is removed from the statements of assets, liabilities, and net assets - modified cash basis and a corresponding gain or loss is recognized, if needed, in the statements of support, revenue, and expenses - modified cash basis.

Assets Held for/Owed to Affiliates - These assets are owned by affiliated corporations and invested for the affiliates by the Diocese in the pooled investments.

Fair Value - Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants. A fair value hierarchy for inputs is used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available.

CATHOLIC DIOCESE OF WILMINGTON, INC.
NOTES TO FINANCIAL STATEMENTS - CONTINUED
JUNE 30, 2020

NOTE 1: NATURE OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Fair Value - Continued

The fair value hierarchy is categorized into three levels based on the inputs as follows:

Level 1 - Valuations based on unadjusted quoted prices in active markets for identical assets or liabilities that the Diocese has the ability to access. Since valuations are based on quoted market prices that are readily and regularly available in an active market, it does not entail a significant degree of judgment.

Level 2 - Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, either directly or indirectly.

Level 3 - Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

Income Taxes - The Diocese is a nonprofit corporation that is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code (IRC) and; therefore, has made no provision for federal income taxes in the accompanying financial statements. In addition, the Diocese qualifies for the charitable contribution deduction under Section 170(b)(1)(A) and has been determined by the Internal Revenue Service not to be a “private foundation” within the meaning of Section 509(a)(2) of the IRC.

Income not related to the Diocese’s tax-exempt purpose may be subject to taxation as unrelated business income. The Diocese has determined that no liability for uncertain tax positions is required to be accrued and included in the statements of assets, liabilities, and net assets - modified cash basis as of June 30, 2020 and 2019.

The Diocese believes it is no longer subject to examination by tax authorities for years prior to fiscal year ended June 30, 2017.

Subsequent Events - The Diocese’s policy is to evaluate events and transactions subsequent to its year end for potential recognition in the financial statements or disclosure in the notes to the financial statements. Management has evaluated events and transactions through the date of the independent auditors’ report, which is the date the financial statements were available to be issued.

NOTE 1: NATURE OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Functional Classification of Expenses - The costs of providing the various programs and other activities have been summarized on a functional basis in the statements of functional expenses - modified cash basis. Accordingly, certain costs were allocated among the programs and supporting services benefited. Such allocations are determined by management on a reasonable basis that is consistently applied. Costs are assigned to departments based upon the nature of the program or supporting services performed by that department. Certain costs are allocated across departments based on time and effort.

Reclassification - Certain accounts in the prior year's financial statements have been reclassified to conform to the presentation of the current year's financial statements. These reclassifications had no effect on previously reported change in net assets or total net assets.

NOTE 2: PLAN OF REORGANIZATION

On July 28, 2011, the United States Bankruptcy Court for the District of Delaware executed an order confirming the *Second Amended Chapter 11 Plan of Reorganization of Catholic Diocese of Wilmington, Inc.* (Plan). The Plan provided for several settlement mechanisms and the continued corporate existence of the Diocese as a Reorganized Debtor.

The Plan also outlined the settlement of pension plan claims from the Lay Pension Plan. The Diocese transferred a Lay Pension Fund to an irrevocable trust maintained by the Investment Custodian (Lay Pension Plan Trust).

A principal term of this settlement agreement required the Diocese to provide the Lay Pension Trust a fully secured, unsubordinated promissory note in the amount of \$15,000,000. An entity related to the Diocese agreed to pledge as collateral unencumbered real property on behalf of the Diocese. The details of the Diocese's obligation to fund the Lay Pension Plan are more fully disclosed in Note 13.

On September 2, 2014, the United States Bankruptcy Court for the District of Delaware entered the final decree closing the Diocese's Chapter 11 case.

The Diocese participates with other affiliated organizations in an investment pool which is held in a custody account. These investments represent pooled investments, other investments - priests' retirement and welfare trust, and assets held for affiliates in the chart above. The pool is invested in a combination of money market, fixed income, equity securities, and mutual funds. The fair value of these investments was primarily determined based on quoted market prices as of June 30, 2020 and 2019.

Investments in alternative investment funds that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of assets, liabilities, and net assets - modified cash basis.

NOTE 11: FAIR VALUE MEASUREMENT - CONTINUED

The fair value of assets owed to affiliates, a liability, is based on the net asset value of the total investment pool. The fair value of these investments was primarily determined based on quoted market prices as of June 30, 2020 and 2019, which would normally be considered a level 1 input on the fair value hierarchy. However, the existence of pool allocations in determining each organization's share of the pool is considered to be a level 2 input, which results in the classification as shown above.

Effective February 1, 2013, the Diocese adopted a 403(b) tax-sheltered annuity plan. Generally, employees are eligible to participate in the plan if they normally work more than 20 hours per week. Eligible employees are able to make elective deferrals beginning on their date of hire. Employees are vested in matching contributions at a rate of 0% for less than three years of credited service or 100% for three or more years of credited service. The Diocese, at its discretion, may make a matching contribution equal to a percentage of an employee's elective deferrals. The Diocese determines whether, and at what rate, it will make matching contributions on an annual basis. For the years ended June 30, 2020 and 2019, matching contributions were \$85,335 and \$86,196, respectively.

NOTE 16: COMMITMENTS AND CONTINGENCIES - CONTINUED

Litigation Claims - Certain conditions may exist as of the date the financial statements are issued, which may result in a loss to the Diocese but which only will be resolved when one or more future events occur or fail to occur. The Diocese's management and its legal counsel assess such contingent liabilities, and such assessment inherently involves an exercise of judgment. In assessing loss contingencies related to legal proceedings that are pending against the Diocese or unasserted claims that may result in such proceedings, the Diocese's legal counsel evaluates the perceived merits of any legal proceedings or unasserted claims as well as the perceived merits of the amount of relief sought or expected to be sought therein.

NOTE 17: LEASES

NOTE 18: CONDITIONAL CONTRIBUTION - PAYCHECK PROTECTION PROGRAM (PPP) LOAN

In response to the uncertainty created by the COVID-19 pandemic, the federal government signed into law the Coronavirus Aid, Relief, and Economic Security (CARES) Act. A provision of the CARES Act allowed for loans to eligible small businesses, including nonprofit organizations, under its Paycheck Protection Program (PPP) administered by the U.S. Small Business Administration. PPP loans have a maturity term of two or five years and incur interest at a rate of 1%. PPP loans contain provisions to forgive all or a portion of the funds borrowed based on a calculation that considers the borrower's incurrence of eligible costs and maintaining employee and salary levels for a period of time after receipt of the loan funds.
